## **FABULOUS FIXES FOR FENCES!**

Millions of fences across the country were damaged by the January storms but rather than fix them with traditional panels, why not opt for a stylish continental screen instead and give your garden boundary a fresh new look at the same time!

Demand for regular fencing is high and with Easter just around the corner, now's the perfect time to upgrade to something more decorative for summer.

Rowlinson Garden Products offers a wide range of continental panels in a choice of attractive patterns and designs that can be mixed and matched to create a stylish and distinctive effect.

The range includes rectangular, curved and waved panels, with horizontal and chevron patterns, and some designs also incorporate pretty trellis detailing.

Each screen is pressure treated in a natural garden-friendly finish and recommended retail prices start from £49.99 for a 1.8m by 1.8m screen.

To find out more and for stockists details, please contact Rowlinson Garden Products on 01829 261121 or visit [www.rowgar.co.uk](http://www.rowgar.co.uk).
